## WORK EXPERIENCE

### NOVACOAST, Santa Barbara, CA

*Developer Intern, April 2016 - present*

Working on a Web / iOS App for Health clinics. Designed mockups for the web app and for a brand new iOS app. Implemented the 'Scoring' feature and began work on the iOS app. Engaged in a Customer facing role for new feature discussions and for customer support.

### DIVE, Goleta, CA

*Intern, January 2017 - March 2017*

Dive is a student on-demand delivery operation. Worked on e-commerce cart on web, and uploaded catalog items

### OUST, Cupertino, CA

*Intern, June 2015 – August 2015*

Developed 20+ User Interface screens for OUST mobile application (similar to 'QuizUp'). Improved UX and usability. Processed through multiple iterations and improved navigation and intuitiveness of the application. Worked on quality assurance and on focus group testing.

### PATHTOEXCEL, San Jose, CA

*Curriculum director, 2013- 2016*

Executive of a nonprofit organization targeting education. Developed website with interactive (student to student) project based learning aspects and improved structural design. Created a collaborative student-teacher communication application.
